PROJECT OUTLINE

1. Country	The Islamic Republic of Pakistan												
2. Project Name	The Project for Upgrading Primary Girls Schools into Elementary Schools in Northern Rural Sindh												
3. Client	Education & Literacy Department of the Government of Sindh												
4. Project Scope	LOT-1	District	Khairpur										
		Nos. of School	9 schools			Floor Area	2,525.94 sqm.						
	LOT-2	District	Sukkur, Ghotki, Shikarpur										
		Nos. of School	9 schools			Floor Area	2,399.83 sqm.						
	LOT-5	District	Larkana, Dadu										
		Nos. of School	7 schools			Floor Area	2,034.15 sqm.						
	Total Floor Area		6,959.92 sqm. (Classroom Block: 6,644.08 sqm., Lavatory Block: 315.84 sqm.)										
Construction works		Classroom Block : Classrooms, Multi-purpose room, Headmistress' room, Storage Lavatory Block : Flash toilet											
5. Structure	Base : Reinforced continuous footings, reinforced raft foundation												
	Superstructure : Brick walling with reinforced concrete frames of column and beams												
	Roof : Reinforced concrete roof slab												
6. Exterior Finish Schedule	Roof : Two coat of hot bitumen on reinforced concrete roof slab with 50mm thick protective concrete layer												
	Soffit : 6.4mm thick cement sand plaster with washable emulsion paint												
	Wall (above FL) : 19mm thick cement sand plaster on brick wall with washable emulsion paint												
	Wall (below FL) : Two coat of hot bitumen on exposed concrete wall												
	Floor : 37mm thick cement concrete on floor slab												
	Window Frame and Door : Steel frames with wooden doors, Steel frames with wooden windows and security grille												
7. Interior Finish Schedule	Building type	Room	Floor			Skirting		Wall				Ceiling	
			Marble tiles size 300x300x19 mm with cement sand bordering	Porcelain tiles size 300x300 mm	37mm thick cement concrete	19mm thick cement sand plaster	6mm thick glazed porcelain tiles	19mm thick cement sand plaster with washable emulsion paint up to 1500mm from FL	19mm thick cement sand plaster with VIP plastic emulsion paint over 1500mm from FL	19mm thick cement sand plaster with washable emulsion paint	6mm thick glazed porcelain tiles	6.4mm thick cement sand plaster with washable emulsion paint	6.4mm thick cement sand plaster with VIP plastic emulsion paint
	Classroom block	Classroom	●			●		●	●				●
		Multi-purpose	●			●		●	●				●
		HM room	●			●		●	●				●
		Storage	●			●		●	●				●
		Staircase			●	●				●		●	
	Lavatory block	Booth		●			●		●		●	●	
		Corridor			●	●				●		●	
	8. Electrical Installation	Lighting fixture, ceiling fan, power outlets											
	9. Plumbing System	Water supply to lavatory block (excluding Sh01, water sources are depending on the site condition) Drainage system : infiltration on site (connecting to existing drain Kh03, Gh02, Gh03 and Da04)											
	10. External works	Land formation, boundary wall and gate, pavement, flag pole											
	11. Furniture	Desks and chairs for student/teacher/headmistress, guest chairs, meeting table, steel cabinets (separate contract)											
	12. Equipment	5 sets of computer equipment and 1 set of laser printer on each schools (separate contract)											

\* Shaded parts are not subject to the scope of work.
